

VISUAL POSITIONING

The margin.
The signal.
The judgment.

MARGINA is a proposed brand architecture for a research program addressing high-stakes procedural margins. SAFE-MARGIN-XR names a proposed neuro-oncology research pathway; MIRA-XR remains a distinct exploratory pathway. The identity stays precise, calm and operational without suggesting demonstrated clinical capability.

LOGO AND LOCKUPS

Primary

Crossing mark + MARGINA wordmark. Use the mark alone for the favicon, application icon and compact interface elements.

Clear space: width of the inner crossing

Do not stretch, tilt, bevel or place in a generic badge

Light version: Teal on Paper

Dark version: Mint or white on Deep

PALETTE

Teal #0B6D68	Deep #084D4A
Lime #DCE86A	Coral #E98D73
Paper #F4F6F1	Mint #CFE9DD

Teal carries trust. Lime marks research information or a state to examine, never a clinical recommendation. Coral marks an area for attention, never an autonomous clinical alarm.

TYPE AND ARCHITECTURE

Inter Aa

Inter 700–800 for headlines and labels. Inter 400–500 for body, data and evidence notes.

MARGINA: proposed brand architecture and primary lockup

SAFE-MARGIN-XR: proposed neuro-oncology research pathway

MIRA-XR: distinct exploratory pathway; no evidence transfer

Teal: development and validity; Coral: proposed utility evaluation

Ranges = conceptual planning, not results
